Celebrating difference

We are learning that we are all the same in some ways and different in others, and that our differences make our class special.

The switch game!

Stand up and SWITCH places if you...

…have a brother or sister

…like pizza

…have a pet

…can speak more than one language

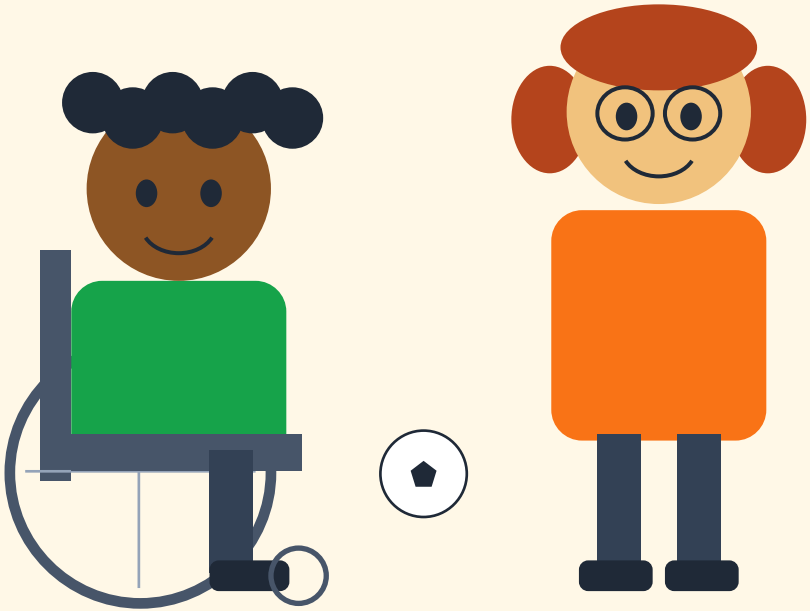

…love drawing

…have been on a train

…like football

…are a person in our class!

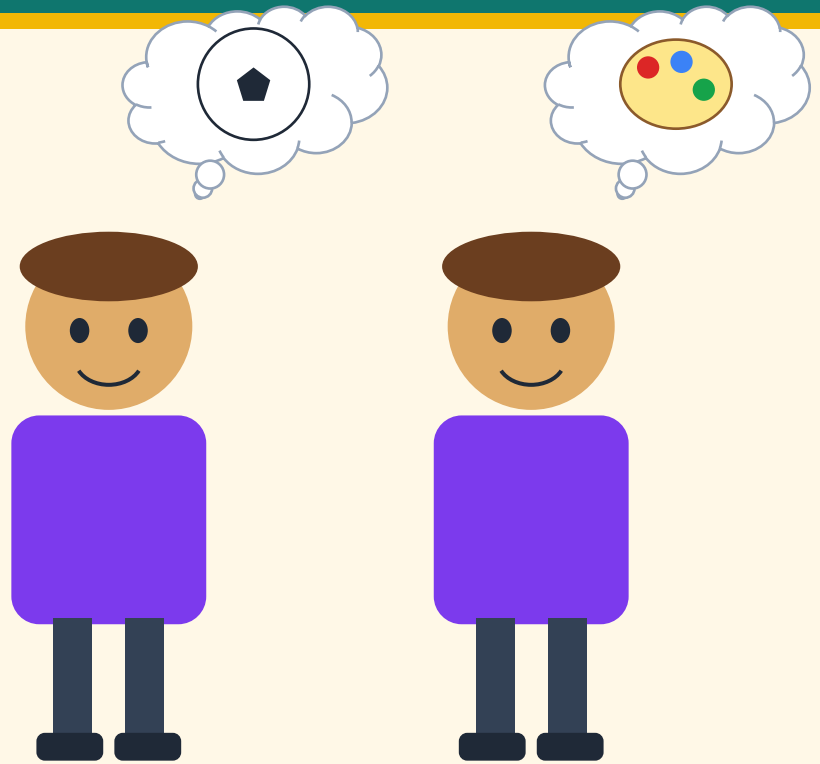

What is the same? What is different?

What is SAME?

What is DIFFERENT?

Twins! What is the same? What is different?

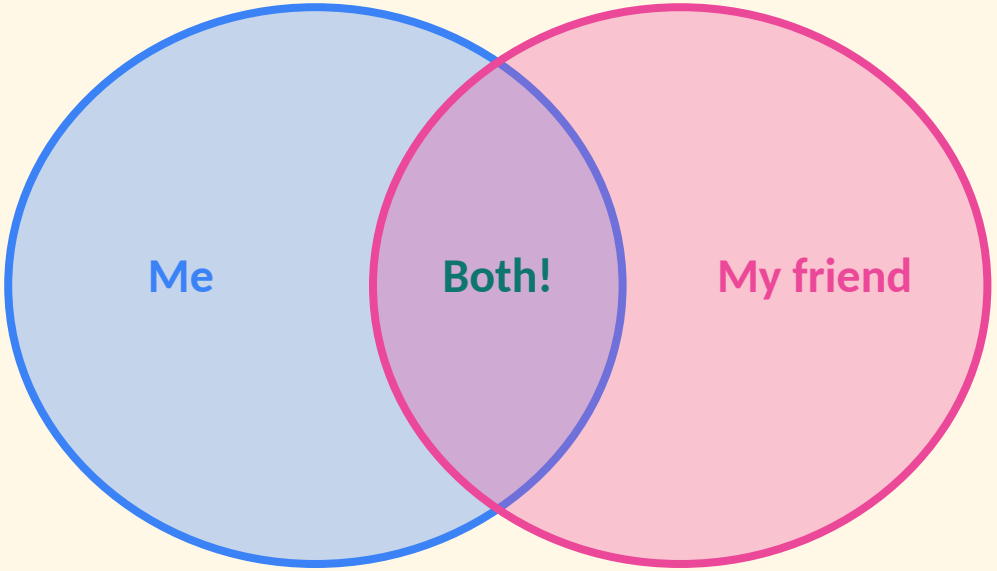

What is SAME?

What is DIFFERENT?

Your turn: me and my friend

1. Work with someone you don't usually sit with.
2. Ask questions to find out about them.
3. MIDDLE: things that are the SAME.
4. SIDES: things that are DIFFERENT.

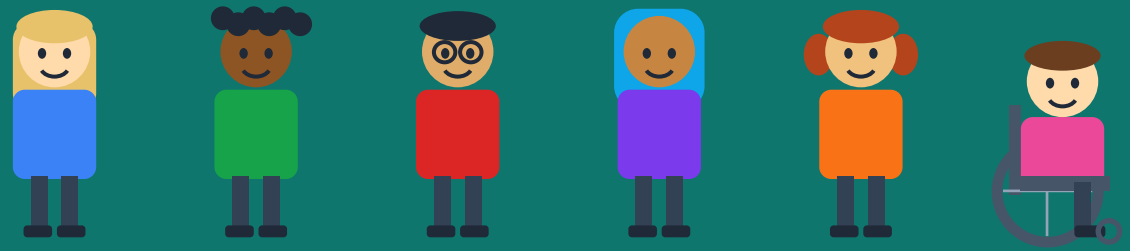

Ask: What's your favourite food? Do you have a pet? What do you like to play? What are you good at?

Share with the class

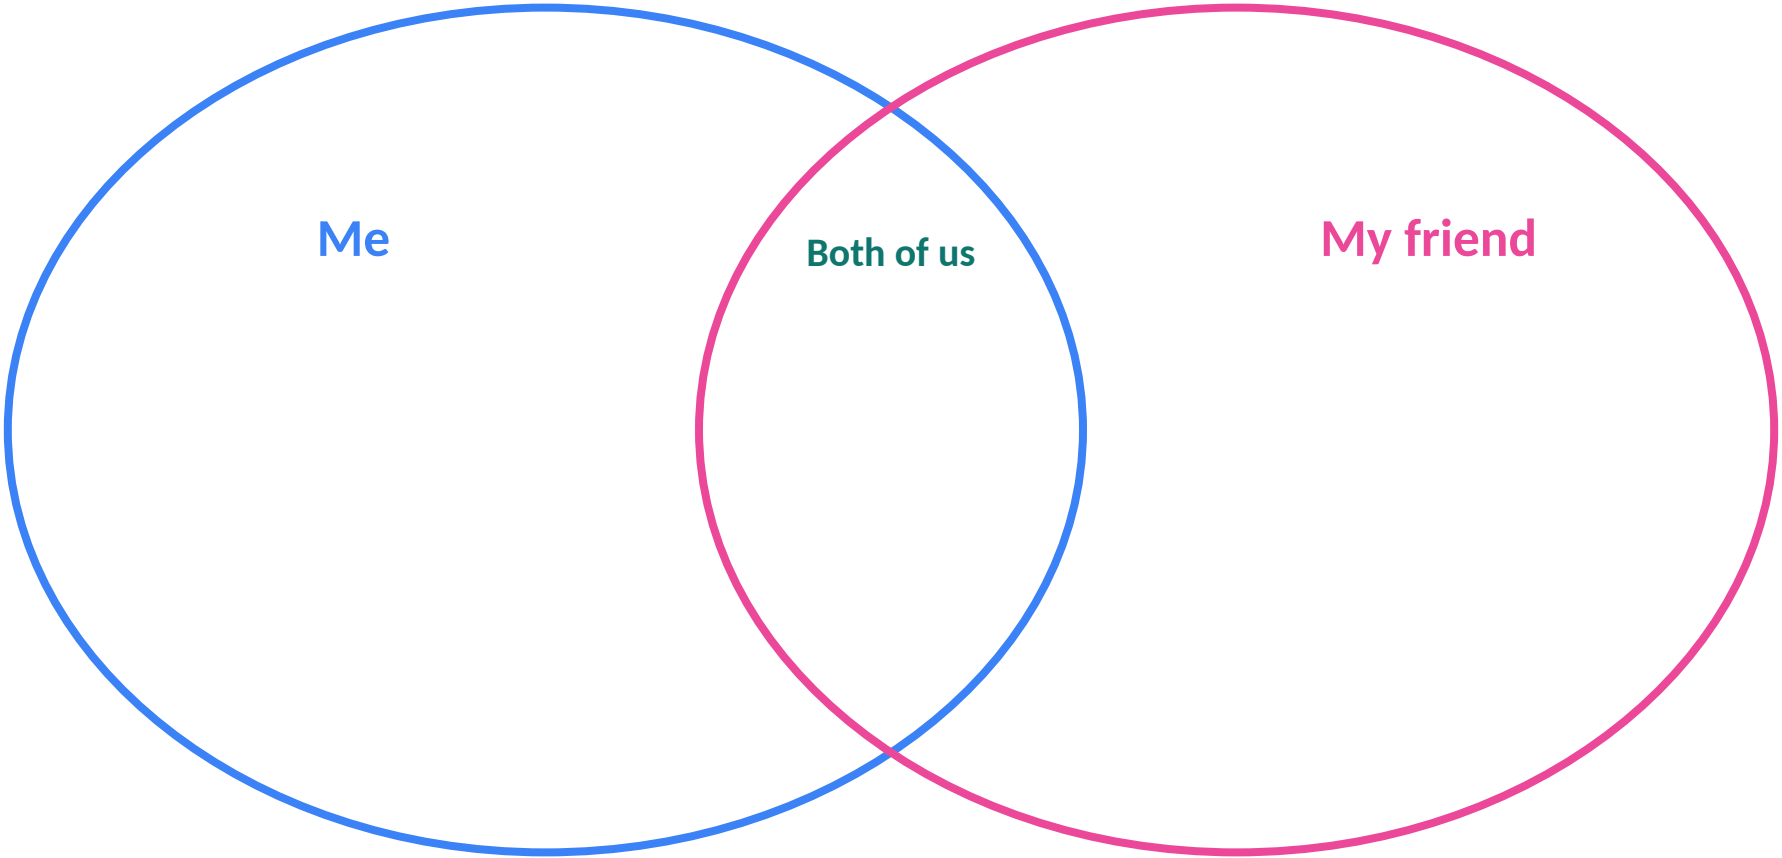

"My friend and I are both _____, but I _____ and my friend _____."

Why is it GOOD that we are all different?

Me and my friend

My name: _____ My friend: _____

We are both _____, but I _____ and my friend _____.
